

KANSAS STATE MATTERS.

WHAT THE JAYHAWKERS ARE DOING TO-DAY.

Condensed News from All Parts of the Great Southwest. A General Summary of Kansas News.

"Nevea Topika" is the name given to a new Kansas settlement in Mexico.

Emperor Francis-Joseph has gone to Buda Pesth and will stay there several days.

The union depot at Haverhill with all its contents, was burned to the ground Sunday afternoon.

An old cannon, sent to General Lane by the Emigrant Aid Society in the early days of Lawrence, is on exhibition in that city.

Wallace county has been blessed with a copious downpour of rain which has revived crops and helped vegetation wonderfully.

August Geveke, consulman of the Fifth ward of Leavenworth, dropped dead while house-watching a moment's sickness Friday evening.

Two sets of cars have been manufactured for the Atchison electric street railway. The quarrel is over which will be accepted.

Superintendent Gaines says that the people of Kansas are generally enthusiastic in supporting and encouraging the county high school.

Adeline is "some few" when it comes to Memorial Day orators. Six citizens of that place delivered addresses at other places that day.

The Telescope is authority for the statement that during the recent hail storm near Belleville hundreds of chickens were killed by the falling "chubies" of ice.

The State Historical Society has received into its collection a copy of the St. Gallens bronze medals issued by the committee on the Washington memorial arch.

A few years ago landing twice cost the grain growers of Kansas from 16 to 25 cents a bushel. Now it is sold for 7 cents and the best manilla for 9.

Colonel Thomas Moonlight of Leavenworth has been a constant sufferer from malaria since he arrived in La Paz to assume his duties as United States minister to Bolivia.

John Mustard, a member of the senior class at the State university, has written a novel entitled "The Politician," which has been noticed by some of the Lawrence papers.

As a scheme to attract attention the delivery of the salutatory in Latin at the Emporia normal school has proved a success, but as an exhibition of superior culture it is a decided failure.

Corbett & Forsyth have sold the Wellington Mail to Puckett & Nourse, who announce that they will continue to conduct the paper on the policy that "news is news and business is business."

Geo. W. Winnans, ex-superintendent of public instruction and one of the best known educators in the state, has been elected to a decided failure.

A chicken bug infection station has been established under the supervision of Warren Knapp, ex-superintendent of pestmaster at McPherson. Knapp, by the way, is an entomologist of no mean ability.

Wheat harvest commenced in Sumner county this week. The dry weather of the last week has ripened the grain very fast and some wheat is already in the shock. The yield promised is good.

The Winfield Chautauqua Assembly begins on June 19th and ends June 25th. The speakers include Henry Watterson of Kentucky, Judge Furber of New York, Major Dana of Boston, and Dr. Gray of Chicago—all first-class orators. One fare for the round trip on all railroads.

Tony and Christ Scholow, brothers, were drowned Sunday while bathing in a lake near Danville, Harper county. One of the brothers became exhausted in the water and the other lost his life while trying to rescue him. A friend of the two men was also drowned in attempting to help them.

The Missouri Pacific is not hauling any more freight than is absolutely necessary, on account of the scarcity of coal. An order is expected daily to stop the running of certain freight trains on the Central branch. No extra trains will be run for some time, and will not for some time to come, except for stock or other perishable freight.

Hunnell held an election in April in the old-fashioned way. As soon as the newly elected officers began to enforce the city ordinances it was discovered that the election was illegal and a new election under the Australian ballot system was ordered. The second election took place last week and Hunnell and his set of officers were legally chosen.

The Winfield District of the Southwestern Kansas Conference of the M. E. church will hold an old-fashioned campmeeting on the Assembly grounds at Winfield, beginning August 23, and closing September 3. Members of the Conference will be in charge of all the services. Ample accommodations for tenters or boarders will be provided at reasonable rates. Rev. A. B. Bruner, pastor of the First M. E. church, Winfield, will answer all inquiries if stamp is enclosed.

The wheat and oats crops on the State agricultural college farm will be very short this year. Corn and Kafir corn promise well. Some grass sown this year has failed of a good start, but the hay has been cut short by the lack of rain.

The new steam heating and power plant which is being erected under the supervision of the State board of public works, will not be quite complete by the contract time, July 1. When done the plant will contain five boilers, power and light will be conveyed to the various buildings by means of electricity.

Prof. A. Denton's figures give the rainfall at Sterling since the present wheat crop was sown in September at a little more than seven inches. Practically no rain fell in October, November and December.

Since the location of a chicken bug station at Emporia an immense business has been transacted in shipping infected bugs to all points of the compass. Letters of inquiry are received daily from Texas and even Old Mexico, and requesting shipments of bugs. Those already put out are reported as destroying the bugs in the fields by the millions. Prof. George I. Adams has charge of the station.

CONDITION OF KANSAS CROPS.

The Report of the State Department of Agriculture for the Month Ending May 31, 1894.

One month of May in some respects has been for the State as a whole, especially as to wheat and oats, quite unfavorable—chiefly from frosts on the 15th, 16th and 19th, and from general and soaking rains. While the frosts appeared with about the same severity in all the counties (chiefly damaging the wheat), the rains were not so general and were not so severe as one would be severely injured while its adjacent neighbor would scarcely be affected. The principal damage was done to potatoes and corn, but both have by their steady growth and vigorous life demonstrated that not a hundredth part of the destruction feared actually resulted from freezing.

The one considerable crop that has suffered from prevailing conditions since the last report is winter wheat. It is worse than last month, but it is not so bad as it was in April. It is now about 10 to 15 percent, and there is every probability that 35 or even 40 percent will be a large figure to describe the general decline, which is very general, indeed, while their planting and cultivation have gone forward, uninterfered with, and the weeds are in the most thorough stage of growth at this time of year. Eighty of the 100 counties report the present stand of wheat as in a worse condition than one month ago, and some report it "about the same" or better. During the last three or four days of May there were heavy rains in many places, but in most instances too late to benefit much of the more debilitated wheat.

A good stand, and growth, promising condition and unusual freedom from weeds is the burden of the information received from the corn. Here and there slight or temporary injury was done by frost, but comparatively, and in the aggregate, the crop is in a very good condition. Tremendously increased yields have been planted in corn, in a soil not wet, but sufficiently moist to insure prompt germination and continuous growth.

In spite of considerable damage by frost and rain, the general prospect is fairly well, and a fair yield is expected.

From damage, fruit of all kinds, more or less, but no such extent as was at first feared.

One of the questions asked by the people is, "Name the state, and county, which has elected this fall." There were seven young ladies who could only name one of the county lists, and that was the clerk of the county.

An anti-herd law campaign is on in Logan county.

No new cases of smallpox have been reported at Atchison for two weeks and each of the twenty-one patients now down with the disease seems to be in the final stage of recovery. The afflicted persons are all kept at the pesthouse outside the city limits, so that there is in fact not a single case of smallpox in the city.

Lawrence is considerably excited over indications of a murder having been committed on the banks of the river a mile from town. Tracks leading to the spot were found, and a woman, a derby hat was found with two bullet holes in it, and bloody, and the path indicated that a desperate fight had taken place. The woman had been beached, as the banks showed, in the edge of the water. Four shots were also heard in the vicinity. No clue as yet, and the river being closely watched for a fortnight, all probability will be found in due time.

The senior class of the law school of the State university appeared before a board of examiners, appointed by the district court Friday. The entire class, thirty-two of them, were admitted to the bar Saturday thereby giving us thirty-two new lawyers.

H. H. Jackson, of Galena, while sleeping alone in his confidential establishment, was beaten over the head with a car-pomping pin about 4 inches long, and a silver watch and \$500 in money were found he was unconscious, yet it is thought his injuries will not prove fatal.

All the Kansans who know H. R. Nickerson are glad to learn that his salary as an officer of the Kansas Central road will be \$12,000 a year just double the remuneration he received for his services from the Santa Fe. Topeka loses a good citizen.

Nine years ago Miss Kelsch, the daughter of a well known farmer who resides a few miles from Atchison, left home because she had some words with her father. Since that time her parents have heard nothing of her. Much to the surprise of her friends, she came back to Atchison Saturday. She is now a free girl, and is engaged to a young man named David Reed, two local claimants for a tract of land north of Perry, Ok., quarreled, and Johnson shot and killed Reed. Johnson has been arrested.

BATTLE OF STRIKERS.

A BLOODY ENGAGEMENT FOUGHT AT PEKIN, ILL.

Two Men Killed, a Number Wounded and a Shuttle Fired—The Sheriff and Posse, Unable to Cope With the Strikers, Retreat.

PEKIN, Ill., June 8.—There was a bloody battle at Little Rock mine, five miles north of the Illinois river from Pekin, yesterday. Word was received at Pekin yesterday morning that 500 miners from the west of the river were about to attack the mine.

Sheriff Frederic Moore in a posse and set out for the scene. The strikers met at Bentonville and crossed the Illinois river on ferries. There were about 100 striking miners. The sheriff and his posse remonstrated with the mob in vain. The leader of the strikers, with revolver in each hand, cried: "Fellow men, stand back and let the miners pass."

The little and their sons and a colored man retreated to the lower end of the mine. "Fellow men," said the crowd cheered on the miners.

The little and their sons and a colored man retreated to the lower end of the mine. "Fellow men," said the crowd cheered on the miners.

KANSAS REPUBLICANS.

Major Morrill Nominated for Governor—His Blue for Congressional Seats.

TOPEKA, Kan., June 9.—The Republican state convention nominated the following ticket:

For Governor—E. N. MORRILL of Haworth. For Lieutenant Governor—JAMES T. THOMAS of Topeka. For Secretary of State—W. J. JORDAN of Manhattan.

For Auditor—GEORGE C. COLE of Crawford. For Treasurer—ORIS L. ATHERTON of Russell. For Attorney General—F. B. DAWES of Clay Center.

For Superintendent of Public Instruction—EDWARD STANLEY of Douglas county. For Commissioner of Agriculture—W. C. BROWN of Manhattan.

The platform is as follows: We, your committee on resolutions, beg leave to submit the following platform:

Resolved, That constant patriotism of our party is in itself a guarantee to the nation, and we demand that our candidates be men of high character and high ability.

Resolved, That we adhere to the Republican doctrine of protection and believe that tariff laws are essential to the prosperity of the country.

Resolved, That we favor national and state legislation for the encouragement of irrigation.

Resolved, That we favor the present state administration for its revolutionary tendencies.

Resolved, That we favor the present state administration for its revolutionary tendencies.

Resolved, That we favor the present state administration for its revolutionary tendencies.

Resolved, That we favor the present state administration for its revolutionary tendencies.

Resolved, That we favor the present state administration for its revolutionary tendencies.

Resolved, That we favor the present state administration for its revolutionary tendencies.

Resolved, That we favor the present state administration for its revolutionary tendencies.

BILL DALTON KILLED.

THE NOTORIOUS OUTLAW SHOT BY A DEPUTY.

He Was Taken by Surprise by Deputy United States Marshal Locke and Shot While Trying His Gun on the Official—His Wife Identifies the Body.

STREMOCH, Ind. Terr., June 9.—Arrested on a pine board in the rooms of Undertaker Appolis, on Caddo street, in this city, Bill Dalton, the noted desperado, bank robber and murderer, lies stiff and cold, a victim of the unerring aim of C. Loss Hart, a deputy United States marshal, attached to the force of Captain J. L. Stowe of this city. A wound on the right side of the spinal column near the hip shows where the deadly messenger struck.

The identification is complete. His widow is here under arrest, and has sent two telegrams, signing her name "Mrs. Jennie Dalton." The first went to C. T. Bilbren, 1407 Van Ness avenue, San Francisco, and read: "My husband, Bill Dalton, has been shot dead. Come at once. I want his money sent home." The other one was addressed to Mrs. A. L. Dalton, Kingfisher, and read: "Bill Dalton here dead. Come at once if you wish to see him."

Thursday afternoon a man named Wallace went to the express office and gave a package, which was given to him by a man named Dalton. The package broken into and found to contain several gallons of whisky. Wallace was arrested on suspicion of being a partner in the crime.

MILITIA ON BULL HILL.

By Their Excellent Conduct Bloodshed Has Been Averted.

CHICAGO, June 9.—The excellent conduct of the state troops, acting upon the orders of General Brooks, has greatly tempered the animosity that the deputies and strikers have felt toward each other, and the chances for a conflict are more remote than at any time since the two forces faced each other. The militia from their position between the two armies, has moved so as to prevent either side making an attack, and they have executed their orders in such a direct manner that they have won the regard of both sides. Several times the deputies began an advance, but were cut off by the troops.

The warlike attitude of the miners is so far changed that many of the men for whom warrants have been issued have scattered in all directions and it is not likely that Sheriff Bowers will find many of the men whom he wants.
